

RTI SkillsTutor™

Response to Intervention is Simplified with SkillsTutor® and Math Fact Fluency®!

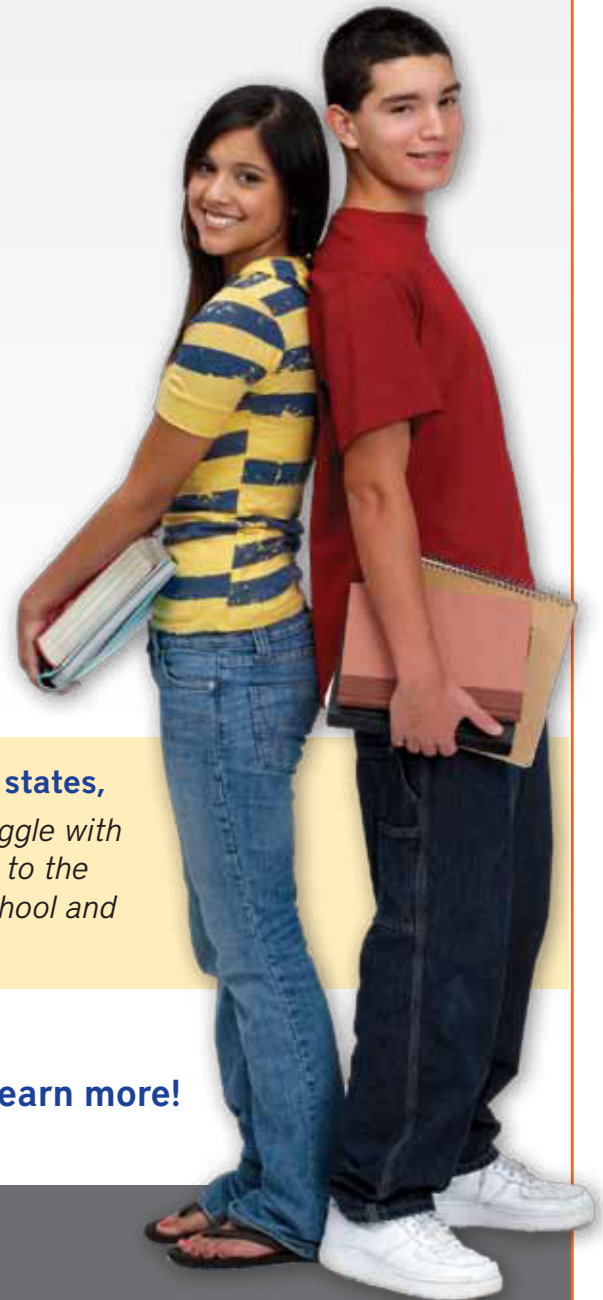

SkillsTutor provides all K - 12 students in the general education core curriculum with high quality, standards-aligned, online instruction and schoolwide foundational interventions. They serve a diverse population and are successfully used in full class intervention, as well as small group and individual intervention.

Ideal for RTI, SkillsTutor and Math Fact Fluency offer:

- ✓ Content in reading, language arts and math aligned to your state's standards
- ✓ 25+ reports for continuous progress monitoring of student performance
- ✓ Early intervention with instruction tailored to individual student needs
- ✓ Different learning modalities
- ✓ Data to determine intervention adjustments and effectiveness
- ✓ Flexible use of resources for Title I, Tutoring and Special Education

A teacher quoted in *Ultimate RTI*, authored by Pat Quinn states,

"We use SkillsTutor with our small groups of students who struggle with any particular skill. It is so easy to individualize the instruction to the deficiency. We are a middle school, but I know that our high school and elementary school use it as well."
